

Children's Corner

Our Children's Corner is featuring our local author, [Esmeralda Carvalho](#) – readings and singing with fun and lively activities.

The creator of the series: Fun with Hidden Words

These books' concept centres on the simple fact that many English words are composed with other words integrated into them. These are not compound words, but words with other words hidden in them, such as Eat, in the word Treat, or CAT in CATCH. It's a simple concept and it doesn't work for all words in the English language, but it does work for many. In these books the author has created fun and lively word rhymes, short stories and tongue twisters, kids simply love to read and sing to.
